Dear Mr. Chumber,

Due to failure to comply with the requirements of Title 159 Chapter's 5, 6 and 7, tanks 001, 002, and 003 of your facility are hereby subject to delivery prohibition. Title 159 specifies Underground Storage Tank (UST) systems may be subject to delivery prohibition as a result of non-compliance with operator training requirements of chapter 13. (Title 159 Chapter 11:001.01) Lawful orders were issued to correct the above items on February 13<sup>th</sup>, 2022, March 13<sup>th</sup>, 2022 and April 13<sup>th</sup>, 2022 during which time none of these items have been resolved.

The following list applies to UST systems subject to delivery prohibition:

- A. No owner or operator may deposit or accept the deposit of any regulated substance into a UST system that has been designated as ineligible for fuel deliveries by the application of a red tag. (TITLE 159 11-002.01).
- B. No product deliverer or other person may deliver or deposit any regulated substance into an UST system that has been designated as ineligible for fuel deliveries by the application of a red tag. (TITLE 159 11-002.02).
- C. No person other than the Omaha Fire Department shall remove a red tag from a UST system without prior approval. (TITLE 159 11-003.01).
- D. The State Fire Marshal shall verify compliance within two (2) business days of receiving a communication from the owner or operator that the corrections have been made. If the UST system is found to be eligible for delivery, the Omaha Fire Department shall remove the red tag. As soon as practicable, but no more than three (3) business days after removal of the red tag, the facility shall be removed from the State Fire Marshal website list of sites ineligible for delivery. (TITLE 159 11-003.02).
